Dr. Swati Bhawe
AACCI - Pune Centre

Dear Dr Swati,

Greetings from Rotary District 3131 - Literacy Committee !

Our Team member, Dr Pushpatai Ghalsasi, who is also active member of AACCI, has informed us that you have designed a very nice and useful "Grand Parenting Forum Webinar", that covers an important topic, "Role of Grandparents in the academic development of Grand Children".

As you are aware, in Rotary's Literacy (TEACH) Avenue, we have one section dedicated to "Child Development", that conducts various activities / projects, contributing to the holistic development of academic as well as non-academic skills of school going children. Thus, I believe, we address common objectives & hence can work together.

You have good content and we can support you by providing suitable audience, that can benefit from your webinars. We have around 100 plus Rotary clubs in our district and each club do have many members who are grandparents themselves or they would have parents who are the grandparents of their children. So we have great potential to provide suitable audience for your webinars. I request you to join hands as partners in conducting series of such webinars.

Thanks and regards,

Rtn Subodh Malpani
